1           A.       We would only do that when we got out there  
2 before we would put any fresh ash into it.

3           Q.       Okay. And how often were the ashtrays  
4 emptied into the galvanized can?

5           A.       When there was -- when they were full.

6           Q.       Okay. And would they fill up daily?

7           A.       No.

8           Q.       Every other day?

15           Q.       Okay. Meaning, it was there to protect you  
16 from the weather; right?

17           A.       Correct.

18           Q.       How often was the two-gallon galvanized can  
19 emptied? As-needed?

20           A.       Emptied weekly.

21           Q.       Okay.

22           A.       With the garbage.

23           Q.       Where did you get the two-gallon galvanized  
24 can?

25           A.       I don't recall. It was for cleaning out
